Dirham World Halal: The Cryptocurrency That Will Change the World

An ethical financial revolution that combines blockchain technology and Islamic principles to create an inclusive and responsible global economic ecosystem.

Our Vision

High Value

A rare and prestigious cryptocurrency, beyond everyday spending

Universal Ethics

Inspired by Sharia principles but open to all, without distinction

Social Impact

A humanitarian mobilisation tool to support global projects

Fundamental Principles

Ethical Standards

Elevated ethical standards for fairer transactions

Collective Responsibility

Communal engagement for the well-being of the global community

Fair Circulation

Just distribution of wealth to reduce inequalities

Total Transparency

Clarity and visibility in all transactions performed

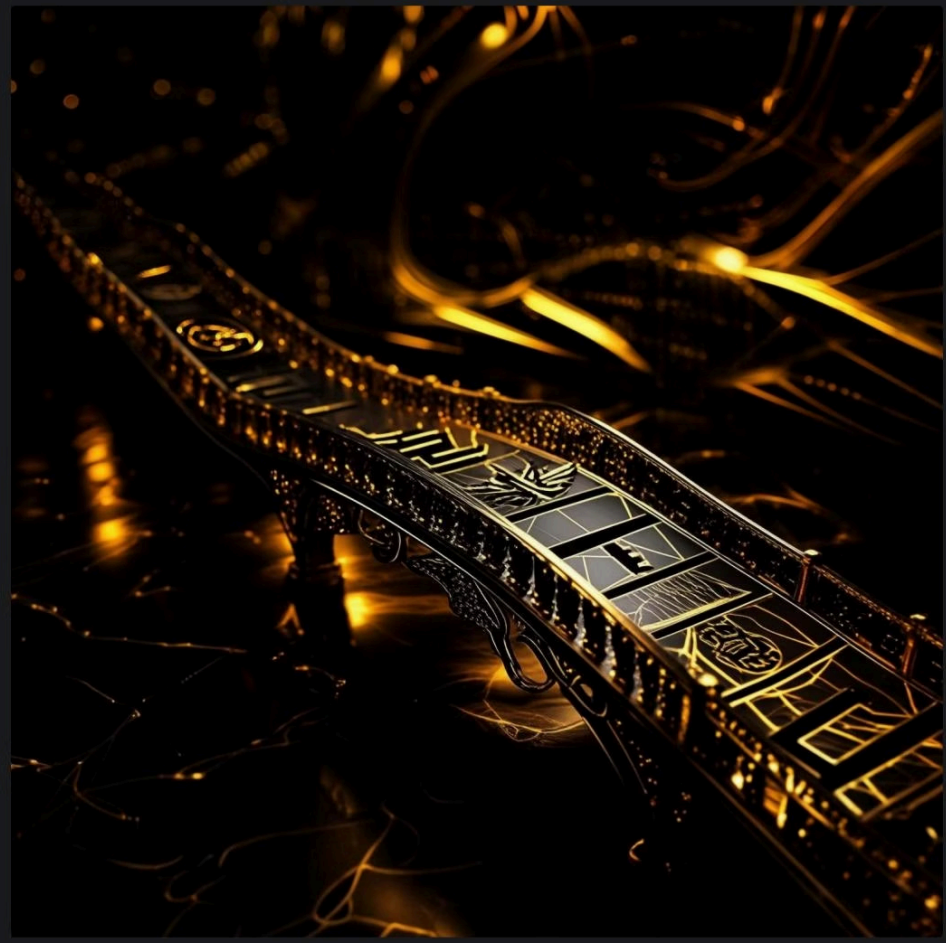

Interdiction du Riba

An Inclusive Approach

The Dirham World Halal transcends cultural, national and religious boundaries to bring individuals together around a common cause.

Our goal is not to impose a doctrine but to offer a universally beneficial moral framework, based on:

- Integrity in transactions
- Economic justice
- Benevolence towards all
